Note: From AY2027, the minimum entry requirements for Higher Nitec graduates to progress to polytechnics will be raised from net GPA 2.0 to net GPA 2.5.

Entry Requirements for Full-time Diploma Courses – 2026/2027 Academic Session

Higher Nitec holders with GPA ≥ 2.0 may apply for SP courses via Joint Polytechnic Admissions Exercise (JPAE) in late February.
Those interested in Diploma in Nautical Studies or ex-poly students will apply via Direct Admissions Exercise (DAE) in mid-January.
For information on the courses conducted by Singapore Polytechnic (SP), please visit http://www.sp.edu.sg/courses.
The Polytechnic reserves the right to discontinue any courses, alter courses, admission requirements or amend any other information without prior notice.

Higher Nitec Course

Advanced Manufacturing/Engineering with Business
Aerospace Engineering
AI Applications
Air-Conditioning & Refrigeration Engineering
Applied Food Science
Automotive Engineering
Banking Services
Beauty & SPA Management/Beauty & Wellness Management
Bio-Chemical Technology
Biotechnology/Biochemical Technology
Broadcast & Media Technology
Business Administration
Business Information Systems
Business Studies (Accounting)/Accounting
Business Studies (Administration/ Secretarial)/ Administration
Business Studies (E-Commerce)/Business-Information Technology
Business Studies (Event Management)
Business Studies (Logistics)/Integrated Logistics Management/Logistics for International Trade/International Logistics/Logistics Operations
Business Studies (Service Management)/Service Management
Business Studies (Sport Management)/Sport Management
Chemical Process Technology
Chemical Technology
Civil & Structural Engineering Design
Communication Design
Community Care & Social Services
Community Sport & Recreation Management
Culinary Arts
Customer Experience
Data Engineering
Early Childhood Education
e-Business Programming
Elder Care
Electrical Engineering
Electro-Mechanical Engineering
Electronics Engineering/Industrial Electronics Engineering
Event Management
Facilities Management & Engineering
Facility Management
Facility Systems Design
Film & Video Production
Filmmaking (Cinematography)
Financial Services
Games Art & Design
Games Design & Development
Games Programming & Development
Hairdressing & Salon Management
Hospitality Operations
Human Resource & Administration
Immersive Applications & Game
Information Systems Quality
Information Technology
Integrated Mechanical & Electrical Design
Interactive Design
Interior & Product Design
IT Applications Development
IT Systems & Networks
Landscape Management & Design
Leisure & Travel Operations
Logistics & Supply Chain Management

Note: From AY2027, the minimum entry requirements for Higher Nitec graduates to progress to polytechnics will be raised from net GPA 2.0 to net GPA 2.5.

Entry Requirements for Full-time Diploma Courses – 2026/2027 Academic Session

Higher Nitec holders with GPA ≥ 2.0 may apply for SP courses via Joint Polytechnic Admissions Exercise (JPAE) in late February.
Those interested in Diploma in Nautical Studies or ex-poly students will apply via Direct Admissions Exercise (DAE) in mid-January.
For information on the courses conducted by Singapore Polytechnic (SP), please visit http://www.sp.edu.sg/courses.
The Polytechnic reserves the right to discontinue any courses, alter courses, admission requirements or amend any other information without prior notice.

Higher Nitec Course

Manufacturing Engineering
Marine & Offshore Technology/Marine Offshore Engineering
Marine Engineering
Mechanical & Electrical Engineering Design/Mechanical & Electrical Drafting & Design
Mechanical Engineering
Mechanical Engineering Drawing & Design
Mechatronics Engineering
Mobile Unified Communications
Motion Graphics
Network Security Technology/Cyber & Network Security
Nursing
Offshore & Marine Engineering Design
Operational & Information Technology
Opticianry
Paramedic & Emergency Care
Passenger Services
Pastry & Baking
Performance Production
Precision Engineering
Process Plant Design
Rapid Transit Engineering
Retail & Online Business
Retail Merchandising
Robotics & Smart Systems
Security System Integration
Shipping & Operations Services/Maritime Business
Space Design Technology/Architectural Technology
Technical Theatre & Production
Tourism
Vertical Transportation
Visual Effects
Visual Merchandising
Wireless Technology

Note: From AY2027, the minimum entry requirements for Higher Nitec graduates to progress to polytechnics will be raised from net GPA 2.0 to net GPA 2.5.

Entry Requirements for Full-time Diploma Courses – 2026/2027 Academic Session

Higher Nitec holders with GPA ≥ 2.0 may apply for SP courses via Joint Polytechnic Admissions Exercise (JPAE) in late February.

Note: From AY2027, the minimum entry requirements for Higher Nitec graduates to progress to polytechnics will be raised from net GPA 2.0 to net GPA 2.5.

Entry Requirements for Full-time Diploma Courses – 2026/2027 Academic Session

Higher Nitec holders with GPA ≥ 2.0 may apply for SP courses via Joint Polytechnic Admissions Exercise (JPAE) in late February.
Those interested in Diploma in Nautical Studies or ex-poly students will apply via Direct Admissions Exercise (DAE) in mid-January.
For information on the courses conducted by Singapore Polytechnic (SP), please visit http://www.sp.edu.sg/courses.
The Polytechnic reserves the right to discontinue any courses, alter courses, admission requirements or amend any other information without prior

Note:

1 From 2003, ITE graduates can include their CCA points in their GPA to gain admission.
2 Singapore Citizens and Permanent Residents who possess a relevant part-time Higher Nitec qualification with GPA ≥ 2.0 and ≥ 1 year of relevant full-time work experience may be considered for admission to the full-time diploma courses.

Footnote:

s1 Applicants should not be suffering from severe vision deficiency (including colour vision), acute hearing impairment or uncontrolled epilepsy. Interested applicants with any of these conditions are advised to contact Singapore Polytechnic for more information.

s2 Applicants should not be suffering from severe vision deficiency, acute hearing impairment or uncontrolled epilepsy. Interested applicants with any of these conditions are advised to contact Singapore Polytechnic for more information.

s3 Applicants who have colour vision deficiency, and wish to pursue a career in electrical power engineering or as a Licensed Electrical Worker (LEW), may encounter difficulties meeting the course requirements and expectations. This condition is required by the Energy Market Authority (EMA) of Singapore. In addition, applicants should not be suffering from severe vision deficiency, acute hearing impairment or uncontrolled epilepsy. Interested applicants with any of these conditions are advised to contact Singapore Polytechnic for more information.

s4 All candidates must pass the colour vision test as per The International Convention on Standards of Training, Certification and Watchkeeping for Seafarers (STCW).

s5 Applicants with severe physical impairment may encounter difficulties meeting the course requirements and expectations. Please refer to the Optometrists & Opticians Board (OOB) Professional Practice Code and Guidelines on “Fitness to Practice” for guidance. Interested applicants with any of these conditions are advised to contact Singapore Polytechnic for more information.

s6 Applicants must ensure that they have good eyesight (i.e. visual acuity unaided of 6/60 in both eyes and with visual aids of 6/6 in the better eye and at least 6/9 in the other eye). Applicants must also pass the colour vision test as per The International Convention on Standards of Training, Certification and Watchkeeping for Seafarers (STCW).). Any offer of admission will be conditional upon applicants showing proof of having passed the Maritime and Port Authority of Singapore (MPA) Sight Test which is conducted at the Singapore Polytechnic Optometry Centre or by General Practitioners. Applicants who successfully complete the colour vision test as specified in the STCW Convention indicated above, but do not meet the visual acuity requirements, may apply for conditional admission. To do so, they must sign a Letter of Undertaking, agreeing to abide by the conditions outlined in that document. Shortlisted candidates will be required to attend an interview conducted by the Singapore Maritime Academy. International students are required to find a Singapore shipping company of their choice that is prepared to offer them an internship for Phase 2 of this course.

s7 Applicants with GPA of 3.5 or more and passed the Bridging Maths 1 (BM1) programme, or have obtained at least C6 grade in GCE ‘O’ Level Mathematics, may be admitted to the 2nd year of the course.
