Seongnam Foreign Language High School Students' Exchange Programme

We hosted 200 students from Seongnam Foreign Language High School, along with four other West Zone schools.

The visit included engaging lessons on Singapore's curriculum, sharing sessions, and guided tours to understand the education system and unique programs of each school.

A lunch event at Kranji Sec featured performances by both sets of students, showcasing Singaporean and Korean culture. Cultural exchanges included traditional Korean games and music, as well as Singaporean activities like Bunga Manggar and Rice Rangoli Art making.

They also learnt about sustainable development efforts through an eco-trail around the Limbang neighbourhood, jointly developed by the Housing Development Board and our school.

The day concluded with Seongnam students exploring Kranji's Co-Curricular Activities (CCAs), interacting with students and experiencing activities unique to Singaporean schools.

KSS-TUPP Students' Exchange Programme

Kranji Secondary School warmly welcomed the staff and students from Trium Udom Suksa Pattanakarn Suvarnabhumi (TUPP), Bangkok, Thailand on 29 March. KSS students were excited and happy to meet their TUPP buddies once again. The TUPP students joined in our lessons, tried out cooking onde onde muffins and joined in our CCAs. There was much sharing and learning as the two schools presented their mini projects to one another.

School Visit from Xingzhi Junior Middle School, Hangzhou, China

On April 29th, 2024, Kranji Secondary School had the pleasure of hosting a school visit for 21 students from Xingzhi Junior Middle School, accompanied by their teachers. It was an enriching opportunity for both our schools to engage in meaningful cultural exchange!

During their visit, the students from Xingzhi Junior Middle School had the chance to experience life as a Kranjian through school introductions, interactions with our students, engaging classroom lessons, and a guided school tour led by our very own Kranjians. Additionally, they participated in our Cross-cultural Immersion Programme, discovering the beauty of Bunga Manggar Art and exploring the magic of Rice Rangoli Art. This purposeful event lifted the spirits of students and staff from both schools.

Hosting our friends from Xingzhi Junior Middle School provided us with invaluable insights into their educational system, culture, and unique strengths. It is through such exchanges that we broaden our horizons and foster greater understanding and respect for one another.

“Our little red dot, our culture” KHWECC Sandwich Making Competition 2024

On 25 May, our Kranjians participated in the sandwich-making competition at Keat Hong Community Club, organized by the Women's Executive Committee.

Aligned with the theme “Our Little Red Dot, Our Culture,” our students creatively used freshly harvested pandan leaves from the KSS edible garden as the main ingredient in their fusion sandwiches. These sandwiches represented local flavors and highlighted Singapore as a cultural melting pot.

One of our groups, “Chaos Kins,” won the championship in the lower secondary category.

NUS National Crystal Growing Challenge 2024

4 teams of Kranji students participated in the Biennial National Crystal Growing Challenge organised by NUS. Through the competition, students practiced critical thinking and organisational skills. They learnt how to conduct research, document their work and create a research poster. After 2 months of intensive hard work and resilience, they presented their final crystals and posters to a panel of judges and achieved commendable results.

One of our Junior teams consisting of Kiyo Chen and Mabel Leow from Class 5RI won 2nd Runner Up in the Junior Category and another team consisting of Charmaine Leck and Fiona Ang from Class 3-4 won the Largest Single Crystal Award in the Open Category.

SSSDC Semi-Finalist

The Singapore Secondary School Debating Championships (SSSDC) is an annual English-language national debating tournament held for secondary schools in Singapore. After a hard-fought battle of debates lasting over two months, the team from Kranji Secondary School emerged as one of the Semi-Finalists in the competition!

The team, consisting of Nihaal Imaan Smith (4K2), Aaron Wu Hongle (4K2), Tan Wan Qi (3-3), Abrar Atiq Sayera (3-3) and Tasha Kagoo (3-5), spent countless late nights working on their cases and refining their arguments. Their hard work certainly paid off. Wan Qi was also ranked as the 16th best speaker of the tournament.

Congratulations to the team!!

Campus Legends 2024 (May edition)

Campus Legend Secondary School, currently in the 7th season, is organized by the Singapore Cybersports & Online Gaming Association (SCOGA). It is an Inter-Secondary School tournament that engages, educates and empowers youth to excel through esports. A total of 21 teams from various secondary schools participated in this tournament.

One of the team from Kranji clinched the 2nd Runner-Up title. Congrats to the team members! Team members: Wilson Lim Wee Hao (4A1), Liew Henrik (4A1), Sanjeevan S/O Karthivan (4A1), Enver Tan Jun Yu (5R1), Thet Aung Naing (5R1).

Leader's Day 2024

Leader's Day marks the handing over of leadership roles from seniors to juniors. We took the chance to thank our Secondary 4 outgoing leaders for their contributions and service to the school. It also marks the start of leadership journey for the incoming student leaders. These student leaders include the Student Council, Peer Support Leaders, Green Ambassadors, House Captains & EXCO, as well as respective CCA Leaders. This year, the event was co-organised by the Student Council and Peer Support Board Executive Committee! We look forward to more collaborations between the various leadership bodies in Kranji and beyond the school.

KSS Performing Arts Combined Concert "Magical Symphony"

On 22 April, the Kranji's Performing Arts Combined Concert, "Magical Symphony," graced the prestigious NUS University Cultural Centre Ho Bee Auditorium.

From captivating lighting to seamless scene transitions, each moment was a testament to the talent and dedication of our performers and the visionary efforts of our teachers, instructors and student exco. Together, we brought the enchanting theme of 'Magical Symphony' to life, leaving hearts full and spirits lifted.

Thank you to all who made this extraordinary journey possible! Until next time, we bids farewell to a truly magical experience. 🎭🎵
