Overseas Programme Funding

Funding support that is provided to NYP students in overseas programmes could either be programme-specific or neediness-based.

- Programme-specific funding. Enterprise Singapore's Global Ready Talent Programme (GRT) and National Youth Council's (NYC) Asia-Ready Exposure Programme (AEP) provide students with internship and immersion trip opportunities to Southeast Asia, India and Greater China (ACI) and the Global Entrepreneurship Award provides Innovation & Enterprise-related immersion trip opportunities to developed countries.
- Neediness-based funding. The Financial Assistance Scheme for Overseas Programme (FASOP) utilises MOE's Opportunity Fund and NYP's internal funding to make available subsidies to all NYP students. The Global Entrepreneurship Award (GEA) encourages students to participate in Innovation & Enterprise-related immersion trips to developed countries. The amount of funding is dependent on the student's family financial status as well as the student's nationality and overseas programme type.

1. Enterprise Singapore's (ESG) Global Ready Talent (GRT) Programme
2. National Youth Council's (NYC) Asia-Ready Exposure Programme (AEP)
3. Financial Assistance Scheme for Overseas Programmes (FASOP)
4. Global Entrepreneurship Award (GEA)
