# OUR PROGRAMMES

1

## Part-Time Diploma

Flexible and dynamic way to advance your career and qualify for Degree courses, while balancing work and other commitments

## Post-Diploma

Deepen your specialisation with in-depth knowledge and skills to excel and progress at work

2

## Short & Modular

Upskill and reskill for new career opportunities without taking longer than six months, with relatively quick and comprehensive programmes

3

## Work-Study Programme

A perfect blend of On-the-Job-Training (OJT) and structured learning, letting fresh graduates easily gain expertise with leading professionals

4

## SkillsFuture Career Transition Programme

Well-equip mid-career switchers with essential skills for improved employability, while being supported with job matching and career coaching

5

## Workplace Learning

Embrace Lifelong Learning, fostering a strong culture of excellence and adaptability for both employees and employers to lead industries

6

# FUNDING AND SUBSIDIES

We recognise the importance of Lifelong Learning for personal and professional growth.

To make our training programmes more accessible, we actively collaborate with various agencies and organisations to provide access to relevant funding and subsidies. This will help reduce the cost of training for eligible applicants.

# OUR INDUSTRY PARTNERS

We closely collaborate with industry partners to bridge the gap between academic learning and real-world applications. These partnerships involve joint efforts designing and delivering professional programmes aligning with industry needs, ensuring participants gain relevant skills and career opportunities in today's fast-evolving job market. Some of our partners are listed below:

- ✓ Advanced Remanufacturing and Technology Centre
- ✓ Association of Strata Managers Singapore
- ✓ ASTM Asia Pacific Limited
- ✓ Bosch Rexroth Pte. Ltd.
- ✓ CAD-IT Consultants (Asia) Pte. Ltd.
- ✓ Cosmetic, Toiletry and Fragrance Association of Singapore
- ✓ KPMG Singapore
- ✓ Primus Aviation Pte. Ltd.
- ✓ Ericsson Telecommunications Pte. Ltd.

# PARTICIPANT TESTIMONIALS

## Post-Diploma

**Alfred Liew**

Decarbonisation Lead

**SAS M&E Pte. Ltd.**

I returned for a Specialist Diploma in Energy Efficiency and Management after completing two Short and Modular courses, to qualify for more job roles. True enough, I completed my very first Green Construction project, and qualified as a Singapore Green Mark Accredited Professional managing environmentally friendly buildings.

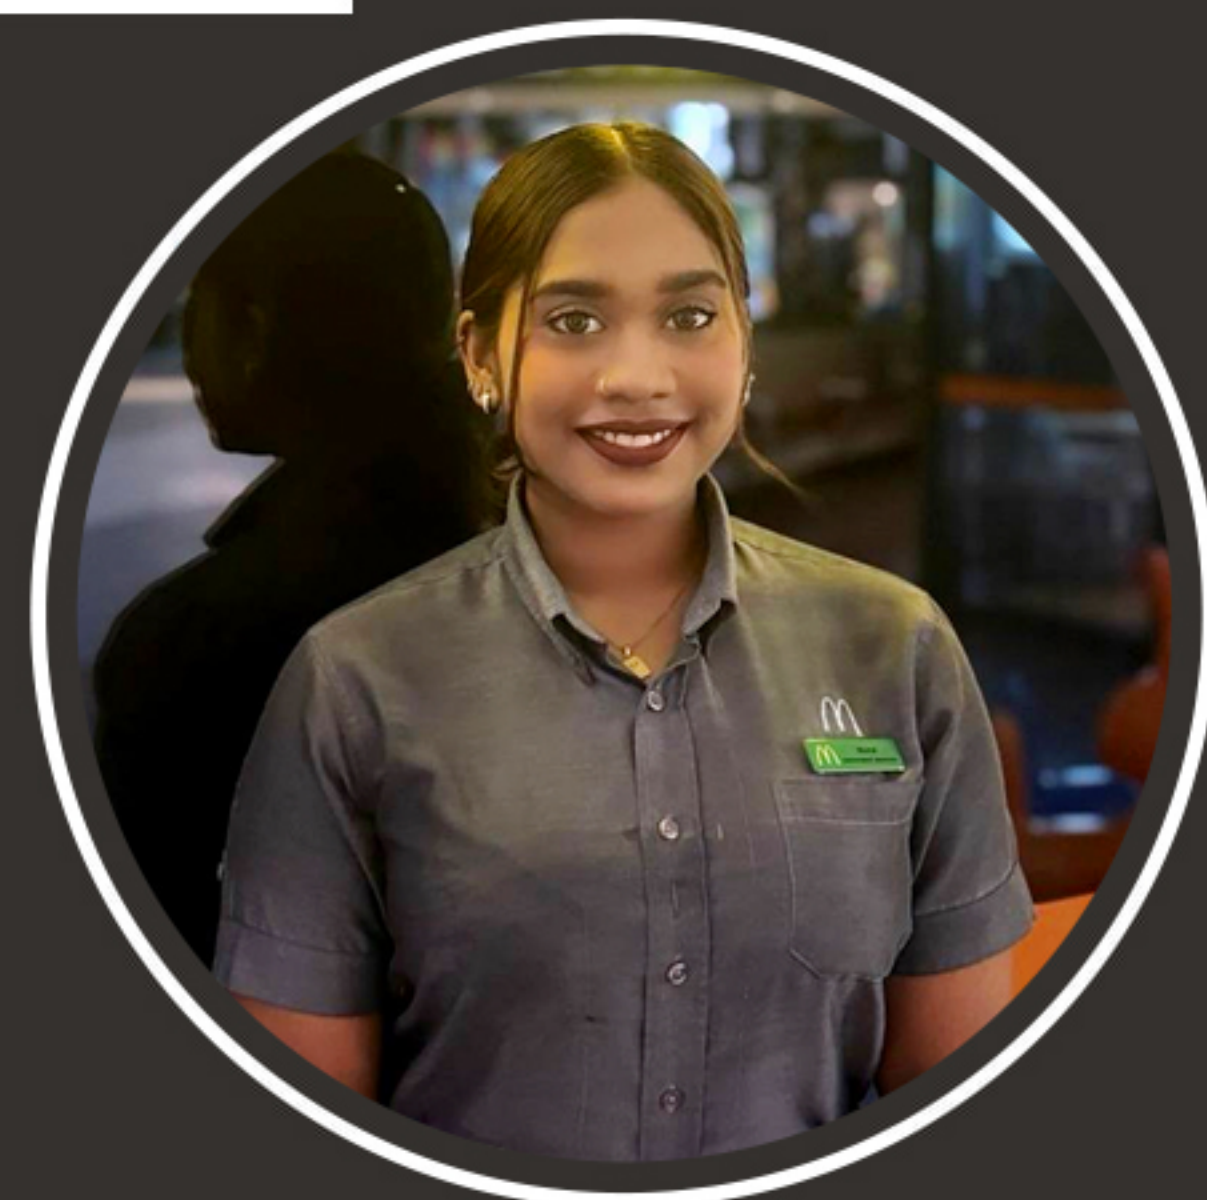

## Work-Study Programme

**Nurul**

People Department Manager

**McDonald's Singapore**

Working a full-time job while studying for a Business Diploma was initially difficult. However, having my family and colleagues cheering me on made me believe I could do it. Taking the Work-Study Programme was the best choice I've made and it opens new doors and experiences to let me keep growing and learning.

## Workplace Learning

**Brian Wai**

Logistics Manager

**AB SCIEX Pte. Ltd.**

We teamed with Singapore Polytechnic to transform our workforce through standardising operating procedures, which improved packaging cost efficiency, and implementation of an OJT blueprint with Train-the-Trainers sessions, which improved our in-house training capabilities and upskilled our logistics coordinators.
