

FRESHMAN ORIENTATION PROGRAMME 2026

SINGAPORE
MARITIME
ACADEMY

Director Welcome Address

Welcome to the Singapore Maritime Academy (SMA)!

Capt. Chatur Wahyu
Director, Singapore Maritime Academy

Dear Students,

Congratulations on your successful admission to a course at SMA and we are pleased that you have chosen to begin your career in the maritime industry with us.

As you step into a new learning environment, you will quickly learn that it is a very different one which you may be used to. SP now offers most lectures asynchronously, allowing you to access and review course materials at your convenience to suit your learning pace. Tutorials are still conducted on site where our lecturers bring into the classroom their vast industry experience and technical expertise while practical lessons are conducted in facilities ranging from the Maritime Business Centre, state-of-the-art navigation simulators, a full mission engine room simulator and the Advanced Engine Room Simulator using virtual technology. We infuse innovation into our teaching and learning and use the latest digital tools such as Augmented Reality (AR), Virtual Reality (AR) and Artificial Intelligence (AI) to prepare you for the workplace of the future.

We also provide you with an authentic learning environment at our waterfront training facility equipped with fast rescue boats and lifeboats, which offers opportunities for practical applications and hands-on learning that are integral to your training goals.

Director Welcome Address

Welcome to the Singapore Maritime Academy (SMA)!

SMA students can participate in various overseas trips. The study trip on board a cruise ship known as the Maritime Experiential Learning (MEL) Camp allows SMA students, especially non-seafaring ones, to experience what it feels like to be at sea. The unique overseas programmes that we curate including student exchange programmes to overseas institutions such as Philippines, China and Japan, provide other life skills and global exposure. We assure you that no student in SP would be disadvantaged due to their financial background. There are various scholarship opportunities and subsidies available for deserving students and students who require financial assistance.

SMA will provide you with ample exposure to the industry through internships, industry visits and technical talks. We will guide you through each step of your career advancement and upskilling pathways beyond SP. SMA continues to drive innovation in global maritime training by pioneering new courses for the industry, including the “Handling of Methanol as Fuel” programme introduced in 2024, and most recently, an asynchronous online e-learning package on “Prevention and Response to Violence and Harassment, including Sexual Harassment, Bullying and Sexual Assault (SASH) in the Maritime Sector,” launched in January 2026.

Besides the industry and future-driven education and training that you will receive at SMA, we look forward to creating memorable experiences to help you grow as an individual. We urge you to build lasting friendships among yourselves and with our lecturers to make your time here a fulfilling one.

Discover your potential, chart your career and achieve your dreams with SMA.

Welcome Aboard!

Dear Freshman,

Welcome to SP! We have many activities in store to make your orientation more enjoyable and meaningful.

Have a wonderful FOP week!

If you are lost, please approach our information booth located in front of SP Convention Centre (SPCC) for help.
