

LA Jiayouss (14 & 15 Aug 25)

During the busy exam and submission period, TPLA distributed free care packs to 200 LEAD students!

These thoughtful gifts were a small but meaningful way for the LEAD community to show support and encouragement, helping students stay motivated as they prepared for their exams and submissions.

THANK YOU

LA x Fengshan CC event (30 Aug 25)

TPLA had the wonderful opportunity to collaborate with SPD Singapore for a community event held at Fengshan Community Club.

We were honoured to have Ms. Hazlina Abdul Halim as our Guest of Honour, and we're incredibly grateful for her presence. It was a heartwarming day filled with smiles, laughter and meaningful connections.

Painting keychains!

LEAD Heart (10 & 11 Sep 25)

As part of LEAD Heart, 165 LEAD students visited one-room rental flats in Banda Street, where residents shared heartfelt stories of resilience, community, and hope. This eye-opening experience reminded us that true leadership begins with empathy.

Impact Week (16 Sep 25)

Impact Week 2025 was a transformative global event that empowered youth to drive change for a more inclusive, resilient, and sustainable future.

6 LEAD participants engaged in inspiring keynotes by global changemakers, hands-on leadership workshops, innovation labs, youth project exhibitions, and a Well-Being Festival focused on growth and resilience.

More than just a conference, it became a platform for young people from Singapore and around the world to connect, exchange ideas, and spark meaningful impact together.

Polytechnic Forum 2025 (15-19 Sep 25)

This year's Polytechnic Forum, themed "Our Home, Our Singapore," marks a significant milestone as we celebrate SG60. The 6-day programme, hosted by Singapore Polytechnic, brought together 500 students from across all five polytechnics.

Through learning journeys and dialogues with guest speakers, the forum served as an important platform for students to generate fresh ideas, engage in meaningful dialogues and broaden their perspectives.

Through this process, they will envision their own hopes and ideas for Singapore's future, one that they can proudly call 'home', and explore how they can contribute meaningfully to building a more united, resilient, and inclusive nation.

LEAD Challenge (4-26 Sep 25)

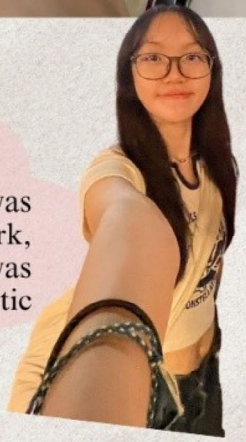

359 LEAD students attended the 2D1N residential programme conducted in partnership with Outward Bound Singapore at Pulau Ubin.

"Through this short 2D1N LEAD challenge, I was reminded how important communication, teamwork, and resilience is. Stepping out of my comfort zone was challenging, but I was thankful for an enthusiastic team that celebrated the little wins."
