LA Pitching Masterclass

On 23 July 2024, LEAD Ambassadors, in collaboration with Marketing Interest Group, hosted a dynamic pitching masterclass. Students explored the key differences between pitching and presenting through engaging sessions with guest speakers.

They also participated in a 90-second pitching challenge, enhancing their speaking and marketing skills.

This interactive event offered a valuable opportunity for students from various diplomas to develop essential life skills, forge new friendships, and experience a more holistic education.

Racial Harmony Day Carnival 2024

On 25 July 2024, 620 students joined us at TP Plaza to celebrate Racial Harmony Day. This event was organised by LEAD Ambassadors in collaboration with the Engineering Student Ambassadors, TP Mindsports, Design Studies Club and TP International Students Group.

Through this carnival, we aimed to help participants broaden their networks through peer interactions and bridge cultural or racial gaps. We extend our heartfelt thanks to all participants who participated, and we hope you had fun exploring and visiting all the booths!

QN: Why did you decide to join TP Lead?

🗣️: I joined TPLA after seeing their recruitment drive through the LEAD newsletter. It had a low commitment of meeting just once every month but provided many opportunities like event planning, content creation, and opportunities to further grow my leadership skills. I chose the publicity department after getting into the CCA as I felt that it was the one I could contribute the most to.

QN: *One piece of advice to students who want to join TP Lead?*

🗣️: Go to our socials and see exactly what is it that we do. If you decide that it's something you'll like to be apart of, apply when the recruitment drive comes around! The CCA does have a minimum CGPA, so aim to maintain yours. During the interview, just be yourself. There's no need to rehearse like it's an internship. They just want to see if you're a good fit to the CCA.
