

Pre-University Seminar 2025

From 29 March to 5 June, 12 of our LEAD students participated in the Pre-University Seminar 2025, themed "Re-imagiNATION." Over the course of the programme, they engaged in learning journeys, expert-led discussions, and dialogue sessions that challenged them to explore innovative solutions to national issues.

The seminar culminated in a keynote address by Minister for Education, Mr. Desmond Lee, and a showcase of student proposals envisioning the future of Singapore.

CCN DAY 2025

As part of CCN Day 2025, TPLA organised an in-house photobooth initiative to raise funds in support of TP students in need of financial assistance.

The creative effort combined school spirit with a meaningful cause, allowing the TP community to contribute while capturing fun memories for a good purpose.

NYC Leaders Course

As part of the Singapore Young Leaders Programme (SYLP), 107 LEAD students participated in a 3D2N NYC Leaders Course, organised in collaboration with the National Youth Council and Outward Bound Singapore. The immersive experience provided students with valuable opportunities to strengthen teamwork, forge meaningful connections, and gain deeper insights into Singapore's history and contemporary challenges shaping the nation's future.
