TPLA NEWSLETTER

Hey! Welcome to the newly formed Newsletter by the Lead Ambassadors!

We will be posting monthly updates of past & upcoming events and hope that you will enjoy reading and be encouraged to participate.

IDOP

International Day of Older Persons

"One memorable activity was learning dialect phrases from them. The younger individuals are less appreciative of dialects as we are all more accustomed to English."

- Ang Wee Siong, Volunteer

"Although I initially thought that our generational gap would prove to be a challenge, the seniors' eagerness to interact and enthusiasm warmed my heart."

- Michaela Oey, Volunteer

PERSON OF THE MONTH

Ms Choy Wai Fann

Growth must be intentional.

<u>This is what I do everyday:</u>

1. Prioritize the work tasks for the day
2. Read books by authors of different genres
3. Think
4. Write my thoughts
5. Be attentive to my environment
6. Engage in at least one meaningful conversation
7. Walk at least 5,000 steps

"While these daily tasks are foundational, I find that stepping up to new and unfamiliar tasks or working with people who are stronger or smarter than me also brings exponential growth."
